Member, American Water Works Association

Over nearly four decades, Mr. Kamiya has played crucial roles in managing projects involving challenging design factors associated with flood control, hydraulic analyses, drainage structures, water and sewer facilities, roadways, and other infrastructure upgrades associated with residential, industrial, commercial, and resort developments.

His diverse engineering background and wealth of knowledge provides versatility on design projects and allows him to contribute in a number of different areas. Mr. Kamiya assumes responsibility for assuring top-quality design and construction plans and specifications for private commercial and residential projects and public works improvements.

A representative sampling of projects he has been involved with includes:

- Waiawa by Gentry Master Planned Community
- Kaupe'a (Village 8) at the Villages of Kapolei
- Waikele Master Planned Community, Factory Outlets, & Golf Club
- Ko Olina Resort & Golf Course
- Oahu Sugar Mill & Amfac Industrial Subdivision
- Dole Cannery Commercial & Industrial District
- Iao Stream Flood Control Project
- Honouliuli Wastewater Reuse Project
- Manana Property Development
